

Rent a VËL'OK

of Cigl Esch (Partner of the project « Vélos Tour SUD 2016 »)

Important Information:

- A Vël'OK bike is recommended for shorter distances only (Belvaux, Esch, Schiffflange). It is not a sports bicycle (its weight is about +/- 30 kg).
- For tours to Belvaux, Sanem or Differdange, we recommend an E-Vël'OK (Pedelec) because of the topography.
- Attention: Only a limited stock of bicycles is available for participants.
- It is possible to rent a Vël'OK bike for children from 14 years on (for younger children you'll asked to bring your own bicycle).
- Please note that any damage to your personal or the Vël'OK bicycle, property or being needs to be covered by your own insurance
- In the event you experience a breakdown of the Vël'OK, call the emergency number Cigl Esch (+352 800 624 56).
- It is imperative that you fill in the name of the town you wish to arrive in the registration form. This is necessary to arrange the return of the Vël'Ok bicycles back the rental stations in the South communes.
- Following registration, you will receive a number on 27 May that allows you to collect a rental Vël'Ok arranged from outside the Maison du Savoir in Belval.
